

## The Quartermaster Award Order Form

The Quartermaster Award is the highest award in Sea Scouting and is as important as the Eagle Award. It represents fulfillment. It results from a Sea Scout's determination to reach a goal he or she has set and achieved in spite of difficulties along the way.

The Quartermaster Award is a badge of color, beauty, symbolism, but most of all, of challenge, awaiting every Sea Scout who has the determination to achieve excellence.

The National Sea Scout Committee has redesigned the Quartermaster Award medal, adding a double carrick bend from which a high quality, admiralty blue ribbon is suspended. The medal, along with the lapel pin and a new pendant charm, have been cast from a new, sharply detailed mold in sterling silver. All future Quartermaster recipients will receive this beautifully crafted award.

If you hold the Quartermaster Award, a replacement medal may be ordered from the National Sea Scout Director. Only past recipients of the Quartermaster Award may order a replacement medal. If you are ordering a replacement on behalf of a Quartermaster Award Recipient, you must provide the recipient's name.

You must enclose proof from your local council that you are indeed a Quartermaster recipient.

Lapel pins and pendant charms are ordered from the National office. Contact the National Events Department.

### Order Form (Please Print)

Name of Quartermaster  
recipient \_\_\_\_\_  
Year  
earned \_\_\_\_\_  
Name of Person placing
